Re: High School Free-Standing LED Sign

Dear Mr. Genz and Ms. Tureaud:

To date we are averaging more than one compliment per day since the installation of the new sign.

Thank you for your support and coordination during the planning and construction process. We do appreciate all of the attention that you showed by arranging the on-line tutorial – well in advance of installation – tech help with the computer interface components that would be necessary, and design assistance for review, permits and construction.

We were pleasantly surprised: the installation went quickly and was trouble-free. This is particularly notable since Allied also provided and pulled over 500 ft of fiber optic cable along with the physical installation; all within one day.

Again, thanks for your help and support for a project well done.

Sincerely,

A handwritten signature in blue ink that reads "Donald Czehut".
